Reading: Read one story on the Reading Comprehension app. Choose either 3rd, 4th, or 5th grade level passage (it cannot be one that you have already completed). After you have finished, your score will be recorded on your app. This app DOES NOT require a wifi signal.

Language Arts: Use the Write About This app. Choose a picture and write a three-paragraph story that includes a beginning, middle, and end. Please *screenshot* your writing and save it to your camera roll. IF you have Internet please send it to your reading teacher using your school email account. Remember, you can only save one writing on this app. You will need to delete previous writings before beginning a new one. This app DOES NOT need wifi to work.

AR: Read what you would like for 20 minutes at your level. You can count this for your 20 minutes of home reading using your Reading Log.

Math and Science: Complete the attached pages in the packet.

SPECIAL: ART - assignment is attached at the back of the packet.
